Important information

Thank you for entering the CPM Thame 10Km Road Race to be held on Sunday 29th June 2025, Thame Leisure Centre, Oxford Road, Thame (**OX9 2BB**), 9.00 a.m.

Race Number and Timing Chip

Your **race number** bib with embedded **timing tag** will **NOT** be posted to you. Instead, please collect by the race HQ (by the start/finish) on the morning of the race. We will have a number of helpers handing these out to runners. **Please park in Thame town centre by 8.15 am latest to allow for 15 minute walk/jog to the start to collect your race number by 8.40 am latest.**

We will list all race entrants by name on our website with their race number, and have lists displayed on the day itself with names and race numbers. The race bibs will also have your name printed on it as a final check that you have the correct number. Please write your emergency contact details on the back of your number plus any medical conditions

Transferring Race Entry & Number to Someone Else

You are able to transfer your race entry to another person up **Tuesday 24th June**

You can do this by going into your entry on the Results Base website and entering the details of the person taking your place.

If you are transferring to person with a **higher** entrance fee, you must pay the difference by bank transfer to the Thame 10k account (we can provide details)

Note: Tuesday 24 June is final date for transfer. There will be no transfers after or on the day!

You **MUST NOT** give your race number to someone else, it is illegal to run under someone else's name under England Athletics rules.

Refund Policy

There is **no refund** or deferment on the entry to the Thame 10km as we feel that our low price compared to for-profit races as well as our policy on transferring a race number to another person is a generous and fair one.

Head Phones Banned

In line with many other races across the UK, we have been advised to ban the use of headphones. The main reason is for the safety of runners as those with headphones are unable to hear the instructions of marshals or traffic. However, **Bone Headsets** where the sound is conveyed to the bone behind the ear are allowed in line with England Athletics policy.

No Buggies

Unfortunately the course is not suitable for runners pushing children in buggies

No Dogs on School Playing Fields

As we are making use of school playing fields, there is a strict policy of **no dogs on the fields** at the start/finish for runners and spectators. Thank you for understanding. Please report anyone with dogs on the fields to race organisers

only bone headsets

Hydrate before the Race

We have had some hot days for the Thame 10km in the past. Please make sure you are properly hydrated before the race and this is something you cannot do just before the start. Ensure you drink plenty of water in the **24-48 hours** before the run. A small drop in your hydration levels has a big impact on your performance in the run. A larger drop in hydration could present you with problems on the run.

No Entries on the Day for 10km Race

The CPM Thame 10km has grown exponentially over the past few years so the organisers decided to restrict the race to 1050 entrants based on advice from the Police and Athletics Association officials. We made the decision to restrict race numbers to less than 1000 runners (we always get some drop outs) to enable us to organise an enjoyable and safe race. The race filled up early in the past years so let fellow runners know to enter on time.

Course Description

From the start, there is 136 metres on grass to the gate by Highfield Close, where runners will be guided onto the main Oxford Road with a right turn. We have a road closure effective to 9.15 a.m. and by then the vast majority of runners will have passed the first roundabout in the High Street where/when the temporary closure stops.

The lead bike/car will guide runners through the Upper High Street of Thame – be careful with speed humps in the Upper High Street. At Queens Road (speed humps again), the runners turn right into Towersey Road. There is a pedestrian chicane at the end of Towersey Road and then runners cross the traffic-closed ring road to the country lane to Towersey.

In the village of Towersey, the runners turn onto the traffic-free Phoenix Trail to head back into Thame.

There will be at least one water station on the course unless it is a very hot day. For sure, water at the start/finish area.

Note: the Phoenix trail can be narrow in sections. All runners to keep to the left so there is always a gap on the right to allow faster runners to overtake. If your way is hindered, please shout (firm but politely) that you want to pass on their right.

We have a road closure of the Ring Road (Eastern By-Pass) for the whole of the race as runners cross this twice (on the way out and back from Towersey).

At the top end of the Phoenix Trail, there is a sharp right turn through a narrow chicane onto the path of Hacketts Lane which leads runners back onto the tarmac of Sycamore Road, to Oxford Road, and then back to the Highfield Close gate leading to the finish. **The final section on road is the Oxford Road – please keep to the left inside on the cycle lane for this last short section as we do not have a road closure for the finish.**

For your safety, please keep to the left unless otherwise directed. Do not cut corners. Obey the marshals at all times to avoid the risk of disqualification.

Map of Course (Certificate of Accuracy 08/055)

Road Closure of Oxford Road to High Street (Rising Sun PH) 8.55-9.15

Road Closure of Bypass where runners cross 2x to Towersey 9.00-10.00

Map of Start/Finish/Area

RNC = Race Number Collection tent with info board with race numbers

- Warm up for the 10k and Fun Run will be by the start / finish area on the playing fields
- TVAA will be selling refreshments by Café Talk area
- Baggage drop off in school building behind Café Talk/TVAA refreshments

Day of the Race

On Arrival

Car Parking – please use the public car parks in the centre of Thame and **aim to park no later than 8.5 am to allow 15 minutes to get to the start and collect race number.**

Changing Facilities and Toilets are limited and located in the Thame Leisure Centre. You should arrive in plenty of time if you need these facilities, and come changed if you can. Thame Leisure Centre will make toilets available before the race in the hall on the right as you enter, but will also open the toilets in the gym changing rooms as well as by Café Talk by entrance to the fields. **We also have access to the school changing rooms on the left side of the leisure centre. These will be signposted.**

Baggage Store - Dustbin Bags and labels for kit will be made available at the baggage store in the building next to Café Talk – but please do not leave valuables.

Race Numbers – these will be handed out near the Race HQ on the playing fields near the start finish. Embedded in the race number is the RFID chip and your name will also be printed on the race number as check you have the correct number. Also on the top corner of the bib will be your t-shirt size and a letter D if you have paid for a medal.

Pre-Race

All runners should assemble by the start line/area at **8.50 am** as we have a road closure of the main Oxford Road into Thame effective for short window at 9.00 a.m.

We will segregate runners in the start funnel according to estimated finish time (sub 35 minutes; 35-40 minutes; 40-45 minutes etc.) – this will ensure all pass through the field gate in orderly fashion. Please get in your correct finish time section at the start. Your chip time will start when you cross the start mat so your personal time will not be affected by taking a few seconds longer to cross the start line.

Finish

Your finish time will be picked up from the electronic tag embedded in your race number bib as you cross the finish line – no bib/tag, no time. Once you have crossed the line, please proceed to collect t-shirt. Water will also be out by the finish area.

Medals

For a low cost race, we felt a quality t-shirt was sufficient. However, we recognised that for some a medal was highly valued especially for runners doing their first 10k race. In order to keep the entry fees low, from 2025 we are asking entrants to contribute towards the cost of a medal with ribbon. Those paying will have a D printed on on their race bib – they can collect their medal from the Race HQ tent after the race.

Results/Times

We will send you your finish time by text message to your mobile phone as soon as possible after the race. This will be your chip time

Full results will also be posted as soon as possible on our chip timing partner's website

www.resultsbase.net

We will have a link from www.thamerunners.club to these results

- **Gun time** – this is the time from start gun to runner crossing the finish mat
- **Chip time** – time from runner crossing start mat until they cross the finish mat

Photos

Race organisers may take some photos for publicity/press photos. If you don't want your race photo put on any social media, please put a red line across your race number bib. Red markers/pens will be available on the tables next to entry collection along with safety pins and normal pens.

Trophies

In accordance with England Athletics rules, we award trophies on Gun times. However, for your personal and club records please use your chip time.

Trophies will be awarded at around 10.30 am as soon as the Chip Timing system has calculated all the prize winners. These will be awarded by Race HQ (or inside the Leisure Centre if weather is very poor).

1st three Finishers Men & Ladies

1st Male Veteran (40-49) / Super Vet (50+) / Ultra Vet (60+) / Vintage Vet (70+)

1st Female Veteran (35-44) / Super Vet (45+) / Ultra Vet (55+) / Vintage Vet (65+)

1st Thame Resident (Male and Female)

1st Junior Male & Female (15 – 18 years)

1st Running Club Team (Men's & Ladies)

1st Three Corporate Teams (Mixed)

Notes on trophies

1. The Fastest 3 Male and Female Finishers, regardless of age category, win the Fastest 3 Male and Fastest Female trophies. So if a Veteran Male finishes second overall, he gets 2nd Fastest Male prize and not the Fastest Veteran.
2. Only one individual trophy per person (exception of 1st Thame Resident)
3. Only one team trophy per person
4. Individuals are responsible for ensuring they list their team (club or corporate) when they enter the race. We will publish a list of all entrants on-line and at the start – any omissions must be corrected by 24th June 2025

Team results are based on best 4 finishing positions (not time) for each team. A runner can only be eligible for **ONE** team (**either** EA running club **or** **TEAM**)

Results (new for 2025)

Based on requests from a number of runners, we will show our results in 5 year bands for age categories on the website so runners can see how they compare to others in that 5 year band. However, we are keeping our trophy awards to 10 year bands to keep our costs low (more for charities) and award ceremony not too long.

Note – Trophy Cut off time 1 hour 15 minutes

In order to try to keep as close as possible to our prize-giving ceremony of around 10.30 am, we will request that the chip timing company produces a set of results for prize giving at 10.15 am. We will continue to time all runners coming in after **1 hour and 15 minutes** but they will not count towards any trophy prizes.

Additional Notes and Useful Information

1. The Thame 10Km Road Race started as a **charities event**, which has been held every year since 1985. Annual surplus is awarded to local Thame charities with in excess of £100,000 allocated over the years.
2. Please remember that this race is being run by **volunteers** of Thame Runners and the local community. Besides raising money for local charities, it's also our way for the runners of our club to give something back to the sport. Without the unpaid volunteers and helpers, we would either face a severe decline in the number of running events (or for-profit events with paid staff and a huge increase in entry fees).
3. The Race is part of the **Oxfordshire County Athletics Association** annual **Grand Prix series**, where road running clubs in the county compete for points across a range of designated races ranging from 5Km to Marathon distance.
4. **Sponsor this year and since 1994 is CPM**, Aylesbury Road, Thame. CPM is one of Thame's largest employers and is the UK leader in field marketing.
5. **Lost & Found** – facility at the Race HQ. We will also post details and pix of major items found after race on the Thame Runners website for a few weeks after the race.

Timetable for Sunday 29th June 2025

7.15 – 8.15 a.m. Arrive prompt to park car in town, collect race number, warm up

8.50 a.m. All runners should assemble in the start area

9.00 a.m. Prompt start of 10km road race

10.30 a.m. Prize Giving by Race HQ at Finish Area (or inside Leisure Centre)

10Km Road Race Prizes

- CPM Commemorative T-shirt for all finishers
- Optional medals for those who paid contribution to the cost of a medal
- Spot Prizes

Refreshments

Thame Valley Air Ambulance will be serving drinks and food and this is by the tent where you collect your race number on the playing fields.

Thame Runners

Thame Runners organise the annual event. The club has nearly members.

The club caters to a wide range of abilities and meets on a regular basis at Thame Racquets Club (Mondays and Wednesdays at 7.00 pm). New members are welcome, especially on the Monday nights which are ideally suited to newer club runners. You should be able to run 5 Km (3.1 miles) in 37 minutes or less to be able to keep up with our Monday night run. There is a measured 5km course on the Phoenix Trail starting on the path just behind Thame Leisure Centre where you can see the post on the side of the path and the 0m on the path itself as starting point. Follow the trail where there are markers every 500m on the path to 2500m, at which point you turn around and head back to the start to check your total time.

If your time is above this 37 minutes, consider joining our beginners and/or improvers' group which meet on separate meetings – details on our website. From these groups people progress to our Monday night runs when they can keep up the 12 minute per mile pace for 4 to 5 miles.

The Monday night route is around 4-5 Miles and the Wednesday night route around 5-7 Miles. There is also a Sunday morning run for longer distances. In the summer months, we do regular Wednesday night runs from country pubs in the area, with the run being off road (don't worry, we regularly stop and re-group to keep everyone together) and then finish the run with a social drink at the pub after.

The club also runs a Couch210k group to get people trained up and joining this group includes entry to the Thame 10k.

Key benefits of running with a club

- Pleasant to mix running on your own with some more social runs
- Safety of running with a club, especially at night in winter months
- May assist with you running faster and more often

For more information on Thame Runners, see our website

www.thamerunners.club

Thame Valley Air Ambulance Children's Colour Fun Run

This year Thame Valley Air Ambulance will be organising a Children's Colour Fun Run while the 10k is in progress.

Thame Valley Air Ambulance work closely with the CPM Thame 10k organisers and have provided water stations and the refreshment stand at the start/finish for a number of years.

In 2022 we called on their services to air lift a runner in our race who suffered cardiac arrest to the John Ratcliffe hospital. Thanks to the efforts of 3 of the race participants giving immediate CPR care and TVAA the runner made a full recovery.

The Colour Fun Run is aimed at ages 5 to 14 with the 5-11 year olds doing a shorter distance than the 12-14 year olds. The children will assemble at the same time as the 10k runners in their separate warm up area and take part in their event, starting as soon as the last 10k runner has left the playing fields (and all to complete before the first runner returns). The event will be entirely on the safe playing fields next to the start/finish funnel and use the same start/finish gantry.

Cost of the race pack is £10 per child and includes t-shirt, sunglasses and a finishing medal.

For more information and entry to the fun run when entries are open, visit www.tvairambulance.org.uk
